#### To measure your necks/collar size:

Take the measurement around the base of your neck and add 1/2 inch to the measurement; this is your "neck or collar size".

#### To measure your sleeve length:

- A. Base of neck (backside, center)
- B. Outside tip of shoulder
- C. Outside bend of elbow
- D. Wrist or the point at which you prefer the cuff to end

1. Rest your hand on the side of your hip, with elbow bent.
2. Measure as shown in the illustration: - Start at (A) the backside base of the neck, - past (B) the shoulder, - around (C) the elbow, - to (D) the wrist or the point at which you prefer the cuff to end.

The path of the tape measure should follow the outside of the arm.
